April 1, 2018

Dear Sequoia Families:

Summer is near and preparations for the 2018-19 school year are underway at Sequoia High School. As in years past, we need families to complete the *Online Information Update*. For those new to the district, the *Online Information Update* is the mandatory process where families update important information for school records, review behavior, technology, and media agreements, join various parent/Booster groups, and review their student's course selection for 2018-19.

Detailed instructions for how to complete the Online Information Update are included in this packet. We ask all families to complete the process by **May 25th, 2018**.

You will also find summer school calendars included in this packet. We will again be offering a summer enrichment course through our partnership with Stanford University. This year's offering is designed to appeal to students with interests in ethics, science and technology in the 21st century.

See also conditioning and tryout dates for fall sports. Contact information for each coach is included and more information can be found on the school website. Annual physicals and completed sports packets should be submitted by Wednesday, August 1st, 2018.

Finally, please help ensure your student completes his/her required summer reading for English classes. You will find the list of titles in this mailing.

Once again the PTSA will host its helpdesk this August to support families with back-to-school to-do's such as purchasing parking passes, clearing book/library fines, completing athletics requirements, etc... The helpdesk will be staffed with PTSA volunteers on August 13th and 14th.

Looking forward to 2018-19 – here's to another great year at Sequoia!

Sincerely,

Sean Priest
Sequoia High School Principal
